PIONEER TO BE
HELD SATURDAYJacob Anderson Field Obsequies
to be Held From First Baptist Church

MOURNED BY PIONEERS

One of the Most Active Workers
in Adancing North Dakota
in Country's Eyes

Funeral services for Jacob Anderson Field, Burleigh county pioneer who died Wednesday evening at his home east of the city, will be held Saturday afternoon at 2 o'clock at the First Baptist church in Bismarck. Services will be in charge of Rev. Jorden. Interment will be in St. Mary's cemetery.

Many long-time residents of Burleigh county today mourned the passing of Mr. Field. He was declared to have been the first herald of North Dakota to the rest of the United States.

Coming to North Dakota in 1877, Mr. Field first engaged in freighting from Bismarck to the Black Hills, before there was a railroad. He settled on a homestead six miles east of Bismarck and continued to reside there until his death.

Successful Farmer.
Mr. Field made a success of farming, a really difficult thing to do in the early days. He became enthused over the country. At that time North Dakota was just beginning to advertise herself to the rest of the country. Mr. Field, as representative of the Northern Pacific railroad and of the state, carried the name of North Dakota into all parts of the country.

He and Farmer Wallace were the two leading exponents of the state through exhibits at that time. Mr. Field went to the cotton exposition in New Orleans, 1884-1885, carrying an exhibit of the resources of North Dakota. His exhibit at the international exposition in Buffalo in September, 1888, was awarded first prize. Agriculture products were featured in the exhibit, but it included heads of buffalo elk, deer and antelope, the buffalo head being that of the last buffalo killed on the Missouri river in the state.

Mr. Field also carried the wares of North Dakota to the World's Fair in Chicago in 1893 as state commissioner. He was painstaking in his preparation of exhibits and was remarkably successful.

Mr. Field was born in Lewiston, Maine, October 12, 1836. He served in the Civil war with the Twelfth Maine regiment. Returning to Lewiston after being mustered out of service, he took up farming and business life until he came west in 1877. Mr. Field was married to Miss Dorothy Golder, of Lewiston, Me., in 1859.

Remarkably Vigorous.

Mr. Field was possessed of remarkable vigor and he sold milk in Bismarck a year ago, at the age of 84, continuing active direction of his farming and dairying work until a short time ago. Until last year he farmed an entire section. Mr. Field was the second man to file in the Bismarck land office. He was active in community affairs. He served as his township treasurer.

The deceased is survived by his widow and three children, Dr. M. Field, of Northfield, Minn.; E. J. Field, of Burleigh county, and Wilbert Field, of Bismarck. Mr. Field was an active Mason, being a member of the Bismarck Blue Lodge and a Thirty-Second degree Mason.

CLAIMS SOVIET
WORKING WITH
SINN FEINERS

London, April 22.—Evidence of a connection between the Bolshevik government and Sinn Fein movement has been found, declared Dennis Henry, attorney general for Ireland, in replying to a written question by Sir William H. Davison, in the House of Commons here today. Mr. Henry added that he hoped to place this evidence before the house in a few days.

START ROAD TO
TERRY'S PEAK

Lead, S. D., April 22.—Surveying operations have been started preliminary to construction of a road to the summit of Terry's Peak, a few miles from Lead, the second highest point in the Black Hills, and 7,669 feet above sea level. A mining company, which already has a road part of the way, is pushing the matter in conjunction with the county and forest service, and hopes to complete operations before July. When finished the road will afford one of the finest views of the Black Hills.

SOUTHERN MAN

"BRAVEST BRIDE IN WORLD" IS FOUND

MR. AND MRS. O. G. WILLETT.

By Newspaper Enterprise.
Missoula, Mont., April 22. The peaks and the crags of the Bitter Root Mountains hold in their maw a little world of a man, woman and a dog.

The woman has won the name of the "bravest bride in the world." The man is O. G. Willett, a leper. The woman is his wife, who was a bride of eight months when Willett learned that he was a leper and went into exile.

The dog is Dixie Lad, a collie, content in the affection of his master, unmindful of the barrier that separates Willett from the big world beyond the mountain peaks.

The barrier is a double fence and a sign that reads "LEPROSY QUARANTINE, Keep Away."

A telephone wire runs to Alberton, three miles away, to carry messages of the needs of Willett and his wife. The bills are paid by the people of Mineral county, whom Willett represented in the State Senate for two terms.

"Any woman would do as I have done," says Mrs. Willett. "My marriage vows are sacred. I promised 'until death do us part.'"

She is a talented pianist. Someone learned that a piano was the one thing she missed most in her voluntary exile.

Newspapers of Missoula printed the story. Enough cash was raised to buy the piano.

Willett shuns medicine. He says he will refuse to go to the government colony for lepers in Louisiana. He tramps over the mountains and says he is getting better, that he believes God will cure him.

RAP HARVEY'S
APPOINTMENT
AS U S ENVOY

Senator Williams Declares It Is
Reward for Persecution

Washington, April 22.—Senator Harrison, Democrat, of Mississippi, charged today in the senate that the appointment of George Harvey by President Harding as ambassador to Great Britain was a "reward for his efforts" to discredit the Wilson administration.

The senator said Mr. Harvey's pursuit of Wilson through his journals and otherwise was only comparable to Milton's "Hell Hounds" that were stationed at the gates of the infernal regions.

He added that the ambassador had "no equal as a creator of prejudice and a stirrer of strife," and that he "was a vindictive, self-appointed, intolerant, political accident."

Senator Harrison said he feared Col. Harvey's arrival in London would cause Great Britain and other nations to believe that "he will use whatever influence he may possess and the power of his position in attempts to destroy the league of nations."

How Much Do You Love Your Husband?

WOULD YOU shut yourself from the rest of the world if your husband were visited with a plague that caused him to be shunned by all men?

WOULD YOU give up everyone else near and dear to you to remain with him until death?

WOULD YOU be content to live in a mountain shack, never seeing another woman, never attending the movies, a church, a dance, a club meeting?

There are the sacrifices made by Mrs. O. G. Willett, who lives in the Blackfoot Mountains with her leper husband.

MINOT FIRM IS

GERMANS' PLEA
TO U. S. TURNED
DOWN PROMPTLY

Harding Won't Mediate Question
of Reparations but Sug-
gests Way Out

URGES NEW CONFERENCE

If Germany Formulates De-
mands U. S. Will Take
Matter to Entente

Washington, April 22.—The American government has refused an urgent request of the German government that President Harding mediate the question of reparations between Germany and the allies and fix the sum Germany is to pay.

The United States agreed, however, that if Germany would formulate promptly such proposals regarding reparations "as would present a proper basis for discussion," it would "consider bringing the matter to the attention of the allied governments in a manner acceptable to them in order that negotiations speedily may be resumed."

Germany's appeal, signed by Chancellor Fehrenbach and Foreign Minister Simons, was directed to President Harding and was transmitted through American Commissioner Dresel in Berlin. It was answered by Secretary Hughes after a conference late yesterday with the president at the White House.

The texts of both the appeal and the reply were made public last night by the state department. The communication from Berlin said the German government was "ready and willing" to agree without qualification or reservation to pay such a sum as the president "after an investigation 'might find just and right' and 'to fulfill in letter and spirit all the provisions of any award that may be made by him.'"

The expressed desire of the United States that there be "an immediate resumption of negotiations" has brought into the situation a new element as it has been popularly supposed the two premiers would merely consider plans for further occupation of German territory and not a renewal of exchanges between London and Paris and Berlin.

FRENCH DISAPPOINTED.

Paris, April 22.—(By the Associated Press.)—French official circles expressed disappointment today that the American reply to Germany's request for mediation was not a categorical refusal as had been expected here. The regrets were mitigated, however, by satisfaction that the United States was displaying an active interest in the reparations question.

It is thought that the communication indicates that the United States will not continue the conversation with Germany on this subject except in accord with the allies.

BRITISH INTERESTED.

London, April 22.—Dramatic efforts on the part of Germany to induce the United States to arbitrate the reparations question between Berlin and the entente government and the refusal of the Washington government to sit in judgment have lent new interest to the conference Sunday between Premier Briand, of France and Prime Minister Lloyd-George of Great Britain.

LLOYD GEORGE
CALLS MINERS
TO CONFERENCE

Progress Made, It is Reported,
and Another Meeting Will
be Held

London, April 22.—(By the Associated Press.)—By invitation of Prime Minister Lloyd George the British mine owners and the leaders of the miners' federation met with him this afternoon for discussion of the coal situation. The conference was adjourned about 5 p. m. but it was stated sufficient progress had been made to justify a further meeting which probably will be held Monday. Facts were brought to light during the conference which will be considered during the week-end and which give a hope for success of the negotiations, it was added.

U. S. OFFICIALS
START HUNTING
FOR "BIG BILL"

To Investigate Radical's Head-
quarters—Reported He's
in Russia

Chicago, April 22.—Federal officials today announced that they were requesting exhaustive investigation of headquarters of radicals in various cities throughout the country in the belief that "Big Bill" Haywood, I. W. W. chief, reported yesterday to have fled to Russia, as he was about to begin a 20-year penitentiary sentence, was being concealed in this country in connection with alleged plans for a May day demonstration.

Chicago, April 22.—Federal officials yesterday received confidential information that Wm. D. Haywood, secretary of the Industrial Workers of the World, scheduled to begin a sentence at the Leavenworth, Kan., penitentiary this week, had fled from the United States and now is either in Moscow or Baku.

Charles F. Clynne, United States district attorney, announced that a search had been started for Haywood.

"He is not in Leavenworth, Chicago, or New York," he said. Haywood was one of 46 I. W. W. whom cases the United States supreme court refused to review and who expected to report to the Leavenworth penitentiary this week. He was at liberty under \$10,000 bond, was sentenced for violation of the selective service and espionage during the war.

Mr. Clynne said that if Haywood actually was in Russia he must have left this country before the supreme court rendered its decision.

Declare He's Fled
New York, April 22.—Officials of the American Civil Liberties Union here stated yesterday that they had been advised "Big Bill" Haywood, for whom federal authorities are searching, had arrived in Russia. This information, it was said, had been supplied by friends of the I. W. W. leader.

BOOZE RUNNING
IS CUT IN N. D.

SAYS MALONEY

Fargo, April 22.—Co-operation between the federal state and county officials this spring has cut down whiskey running across the Canada-North Dakota border to five percent of what it was a year ago, Lane Maloney, federal prohibition enforcement chief of the state said today. Mr. Maloney has just returned from the northern part of the state. Activities of "high jackers" who pose as officers or use revolvers to rob the runners of their cargoes also are affecting the traffic, he added.

CAN'T IDENTIFY
MAN AS DRIVER
OF DEATH WAGON

Scranton, Pa., April 22.—Three New Yorkers who came here at the request of the Department of Justice failed today to identify Pito Ligi, under arrest as the driver of the "death wagon" that figured in the Wall Street explosion last September. The trio who declared they had seen the driver had expressed belief that he might be the man but when they visited him in his cell here they shook their heads.

IMMIGRATION

Boston, April 22.—Plan of restricting immigration based upon a reversal of the present contract labor law was adopted by Prof. Thomas Nixon Carver, of Harvard university, in an address before the National Association of Cotton Manufacturers today. "Better than exclusion," he said, "would be a plan of restriction which would select those who were capable of entering the well-paid occupations and exclude those who would crowd into occupations where wages already are too low."

PRESIDENT TO
CONSIDER TALK
ON RAILROADS

Tells Farmers' Congress He Will
Give Proposal "Serious
Consideration"

Washington, April 22.—Delegates to the National Farmers' Union convention here were received on the south lawn at the White House yesterday by President Harding who promised to give "serious consideration" to their suggestions that a conference of representatives of labor, capital and basic industries and the railway executives be called to consider means for reducing freight rates. The president said, the suggestion was deserving of sincere thought.

The delegates were accompanied by several senators and representatives, and Senator Capper, Republican, Kansas, especially addressed the president urging that a conference as proposed be held.

In presenting a memorial outlining their views to the president, the farmers said they were eager to work with other industries for the solution of the rate question in order to resume again their normal course.

BROUGHT BACK
ON CHARGE OF
BEATING HOTEL

D. H. Stuhr Arrested on Com-
plaint Sworn to by E. G.
Patterson

D. H. Stuhr, of Bismarck, was brought here from Beulah and lodged in the county jail on a charge of jumping a hotel bill. The complaint being sworn to by E. G. Patterson.

Stuhr came to Bismarck several months ago, took quarters at the McKendle and established a crop improvement service. Some days ago he went to Beulah. It is alleged by his accusers that he owes a hotel bill of several hundred dollars and that Stuhr had been aided by the advance of money, including the payment of some drafts which had been returned to Stuhr by a bank.

Stuhr, in jail, asserted his innocence, saying he had gone to Beulah to visit a brother and maintained he had not paid his bill because he sought damages for alleged injuries sustained.

IN 15TH STORY
DARING HOLDUP

Chicago, April 22.—Two armed bandits today entered the J. J. Reingold jewelry store on the fifteenth floor of a downtown building and after forcing the owner and a traveling salesman into a private office escaped with cash and jewels valued by the owner at \$200,000.

Chicago, April 22.—Leo Reingold, brother of J. J. Reingold, the jewelry shop proprietor, who was robbed of diamonds said to be worth over \$200,000 today, was arrested by Chief of Detectives Hughes after questioning. Young Reingold was a clerk in his brother's shop but was absent at the time of the robbery. Reingold was said to have stated that all of the diamonds were covered by insurance.

C. N. Janzen to Have Hearing on
May 4 on Charge of Manip-
ulating Funds

ASSIGNS HIS PROPERTY

Cashier to Make Good Part of
the Amount—Credit Effort
Causes Suspicion

Through a shortage of \$32,872.48 on the part of its cashier, C. N. Janzen, the Citizens State Bank of Hazen, has closed its doors and there is in the hands of the bank's officials a signed confession from the cashier who was arrested last night.

Janzen, it is said, kept a pad of certificates of deposit at his home and issued them to people in return for their money but failed to carry the transaction on the books of the bank. When he became due, he visited the holders privately and renewed them paying the interest out of his own pocket, it is alleged.

A few weeks ago the bank caught in the general business slump became pressed for funds and hired another banker to renew its paper and seek additional credit. Suspicion was aroused that Janzen was covering up something and he was summoned and when questioned confessed the manipulation of certificates of deposit.

Faith in Institution.
One of the officers of the bank declared that the institution, one of the strongest in Mercer county, while closed will come back "stronger than ever." It has been a leader in financing the community and stood back of the school and many other business and civic ventures.

Janzen has assigned all his property to the bank and it is said that the shortage will be covered within a nominal sum. No date for reopening was announced but it was expected that business would be resumed. It is said that the officers of the bank and its stockholders are men of means and that as soon as a reorganization can be effected that the institution will open its doors.

L. P. McAnaney, director of credits of the Bank of North Dakota, declared yesterday afternoon that Janzen had admitted shortage of \$32,800.

Case Continued.
State's Attorney John Moses of Mercer county has given a continuance until May 4, when the preliminary hearing will be held at Hazen.

The Citizens State Bank of Hazen had approximately \$250,000 deposits. It had \$30,000 on deposit from the Bank of North Dakota. The Hazen bank also has a loan of \$30,000 from the Bank of North Dakota.

PERSHING MADE
HEAD OF SAFF
TO PLAN BATTLE

Secretary Weeks Names General
Head of Field Operations
of Army

Washington, April 22.—Organization of a war staff headed by General Pershing to take charge of field operations of the armies of the United States in time of war was announced by Secretary of War Weeks.

"Instant preparation in time of peace for military operations," was given by the secretary as the reason for the new organization.

The organization headed by General Pershing will be entirely separate from the office of the chief of staff, Mr. Weeks said, which will continue to direct the activities of the military establishment in time of peace. General Pershing will have a skeletonized staff, which will correspond to that at Chaumont during the World war and which will concern itself entirely with the problems of strategy, tactics and war organization.

WILTON OPENS BALL SEASON IN BISMARCK

**Plays Prison Team Sunday and
City Team Here on
May 22**

The Bismarck city baseball team will open the season in Bismarck, Sunday, May 22 with Wilton. Secretary F. Keller, of the local club announced today.

The Wilton team comes to Bismarck Sunday, April 24, to play the prison team, and local fans will have an opportunity of getting a line on the team. Wilton will have a strong lineup this year and the players already have had considerable practice.

The Bismarck team will play Minot here on May 29 and 30, a double-header being scheduled for Memorial Day. The Bismarck club will go to Minot for a series, June 10, 11 and 12. The local club also plans to bring good teams here on June 2, 3 and 4 when there will be a big Elks' initiation.

The local park will be in shape for work-outs of local players within a week or two.

Players Making Hit
Four players who will be with the Bismarck team now are phoning together in the east. They are Miller Anderson, catcher; Higgins, south-paw pitcher; Mahoney, second baseman, and Taylor, pitcher.

In one game Miller Anderson got a three-bagger with two men on bases. Taylor pitched a whole of a game, though his team lost, 3 to 2. A local paper said: "Taylor pitched the entire nine innings, and his level-headed work on the mound was a feature of

OIL FEVER ON INCREASE IN CANADA FIELDS

**Increasing Interest Manifest By
Receipt of 1,500
Inquiries**

Edmonton, Alta., April 21.—Increasing interest in the Arctic oil fields is manifest throughout Canada and is evidenced by the receipt of more than 1,500 inquiries to official sources in Edmonton alone in the past few weeks for information about the strike, not including many letters and wires received by Edmonton business men.

Most of the inquiries relate to the method used in reaching the scene of the oil operations, while some want to know about the regulations for staking leases, possible costs and general information.

There is not a city of any size in Canada that is not represented in the pile of correspondence asking for information, and many of the inquiries have come from the United States. The pile is growing steadily each day and the Edmonton hotels are filled with men from Vancouver, Winnipeg, Montreal, Toronto, Chicago, New York and other cities seeking information personally.

Fort McMurray, a gateway to the northern oil fields, presents an unprecedented spectacle of feverish industry and activity, according to Michael Ryan, a member of a northern trans-

portation firm, who recently returned from that place.

Since last fall the little town has more than doubled its population due to the impetus given northern travel by finding of oil and valuable mineral claims in the territory adjacent to Fort McMurray and in the Mackenzie river country, Ryan declares.

"A business impetus never before witnessed in the town has been created at Fort McMurray," Ryan declared. "All places of business are prospering as never before. Real estate in the town is a live issue, several lots exchanging hands for \$500 and over."

Fort McMurray, according to Ryan, has five general stores catering to the needs of the local and traveling public. The town also contains a drug store, two barber shops, a pool hall and a twenty-room hotel. Additional accommodations for seventy-five persons are provided at the head of the railway, where a bunk house has been erected. The spiritual needs of Fort McMurray are taken care of by two churches, Presbyterian and Catholic, and these, Ryan said, are usually well attended.

BISMARCK AND MANDAN MEN TO DRILL FOR OIL

**R. B. Loubek and Others Return
From Inspection of Wyom-
ing Fields**

Oil fields in and around Greybull, Wyoming, are in a flourishing condition, according to R. B. Loubek, who has just returned from there. Mr. Loubek and Frank Winnill, of Bismarck; W. F. Sullivan and John Timmerman, of Mandan, inspected the fields, and have perfect arrangements to take over a substantial lease of 2,540 acres for the purpose of drilling for oil, which, oil men say, has been found in large quantities near there. The site the men have selected is three miles from Greybull in the celebrated Torch light district.

If oil is found the local men will be in a fortunate position of being but three miles away from rail transportation, they say.

The men are to have a business meeting tomorrow at Mandan in order to form their company and lay plans for the drilling of their well. They have practical oil men on the ground making proper surveys for the erection of derricks. As soon as they complete necessary arrangements they will establish offices in this city.

Successor**

W. C. Cashman is Bismarck's new police magistrate.

B. F. Flanagan was appointed until May 1, when Police Magistrate Howell resigned several weeks ago, but it was the opinion of the city attorney that Mr. Cashman, who was elected in the recent election, should take office as soon as he qualified.

Police Magistrate Flanagan finished his term of office by filing an itinerant drunk \$25, the man also having charges of disorderly conduct and one or two other charges against him.

Several auto law violators also were fined as follows: Leslie Smith, \$5 and costs, for speeding; Joe Vogel, \$10 and costs, running without lights, \$5 and costs.

FISH GALORE IN HATCHERIES FOR MINNESOTA LAKE

Millions of Small Brook, Lake Trout and White Fishing Trout and White Fishing Breaking Through Shell

Duluth, Minn., April 22.—After months of tender care at the government fish hatchery here, millions of small brook and lake trout and white fish are beginning to break through the shell. The first lot of the 1921 supply of fishes hatched last week. Now, especially in the trout department, hundreds of thousands of fish are hatching each day.

While the hatchery season at the local plant is under full headway, a crew of experts under the supervision of S. P. Wires, plant superintendent, are casting nets in Boy river, near Cass Lake, and Rainy and Leech lakes, north of here, for the pike spawn. Pike eggs usually hatch in from six weeks to two months.

There were 101,000,000 white fish, 7,000,000 lake trout and 150,000 brook trout eggs gathered and placed in the local plant last fall. From this "set-tilt" Mr. Wires expects to have an average crop of minnows.

The white fish eggs originally were gathered along the shores of Lake Erie and the fry from these eggs will be placed in Minnesota and Michigan waters of Lake Superior.

The lake trout eggs were taken from Lake Superior. Many of the lake trout minnows will be returned to Superior, but the major portion of them will be distributed in the smaller lakes of Northern Minnesota and Michigan.

From the waters of the Atlantic ocean along the coast of Maine the brook trout spawn were gathered, and this species of fry will be used to stock streams in Minnesota, Wisconsin and Michigan.

When the pike fish begin to hatch late in June, they will be placed in lakes in these three states while small quantities of them also will be sent to lakes in North and South Dakota.

The small fishes are transported to places of distribution in specially equipped railway cars provided by the state game and fish commission.

FARM HELP IS IN DEMAND IN NORTH DAKOTA

Many Places Are Unfilled, According to Labor Bureau Reports

"How to get them down on the farm" continues to be a problem, according to representatives of the state federal employment service for North Dakota. While there is a surplus of skilled workers in the state at present, there is a demand for experienced farm workers. There were unfilled orders for between 150 and 200 farm hands yesterday, the employment office reported.

A large number of workers who left the farm to go into factories in large cities during the last four years have asked for farm jobs this spring, according to the employment representatives. An experienced farm worker is one who has three to five years experience on a farm, in the eyes of the employment men. While there are plenty of laborers willing to take farm jobs, there is a need of experienced farm help.

45 TREES WILL BE PLANTED ON SCHOOL GROUND

Forty-five trees will be planted around the new Richholt school this spring by the board of school commissioners. It was announced today.

FARMERS ASK SPECULATION MADE FELONY

Washington, April 22.—Speculation in farm products through sales on future exchanges without actual ownership of the commodity would be made

a felony under a bill endorsed today by the National Farmers Union convention at its final session here. It was announced that the measure would be introduced in congress and would have the united support of the cotton and grain membership of the farmers union.

Another resolution recommended a federal survey of war profits with a

view of levying a tax on them sufficient to pay the cost of the war.

LOSS AT HAZEN WILL TOTAL AT LEAST \$15,000

No Clue Found to Cause of Dis-
astrous Blaze in Mercer
County Town

Hazen, N. D., April 22.—The cause of the fire which did \$15,000 damage in Hazen yesterday still remains undiscovered. The blaze started in the Bruce Godwin pool hall which is located in the M. L. Keeley building. C. L. Staley, living next door, was the first to discover the flames.

It was too late, however, when he was awakened to check the shooting flames. The Keeley building is a total wreck.

The fire spread to the Staley confectionery and bakery adjoining and completely destroyed that building. The Staley family was able to save some of its household effects, but the loss was great.

The loss is estimated as follows:
M. L. Keeley, total loss, \$4,000, no insurance.
Bruce Godwin pool hall, total loss, \$3,000, partially insured.

Masonic Lodge total loss \$1,200, no insurance \$800.
C. L. Staley, residence, bakery and store, total loss \$6,500, insurance \$3,500.
Ever Lee, small warehouse, partially destroyed \$100 loss, small insurance.

ORDINANCE FOR CITY PARK COM. IS INTRODUCED

First Step Taken in Putting Thru
Comprehensive Park Sys-
tem for Mandan

An ordinance was introduced into the city commission last night creating a park board for the city of Mandan. Sentiment all over the city is strongly in favor of a park board because of the natural advantages which can be taken advantage of at little cost.

It is proposed to dam the Heart river so as to provide an excellent swimming lake and a place where canoeing may be indulged in.

Weekly band concerts by the reorganized high school band are also planned.
When the plan is carried through to

completion, its backers assert, Mandan will have as good and extensive a park system as any city in the state. The Commercial Club acted Monday evening on the park project, approving it and appointing a committee consisting of Senator F. W. Mees, E. R. Lanterman and Secretary Thomas Sullivan, which committee presented the proposed ordinance to the commission last night.

RAISING FUNDS FOR BALL TEAM

The committee canvassing for the baseball fund report excellent success. Some \$1,700 has already been raised and they expect that the \$2,000 mark will be reached by night.

DRAINAGE IS VALUABLE IN MINN. COUNTY

Fairmont, Minn., April 22.—Drainage systems in Martin county now completed, under construction or pending aggregate 143, drawing water from virtually the entire county, according to a report of county engineers to the county auditor's office.

Nearly all the drainage ditches have been constructed during the past ten years, the report shows. Prior to 1910 the county was without adequate drainage facilities, and the land had an estimated value of \$30 an acre. Today, with its excellent system of drainage, this land, in some instances, is valued at approximately \$300 an acre.

Martin county has about \$1,250,000 worth of ditch bonds outstanding at present. Thousands of dollars of the debt are being paid off each year, but the total is still mounting through the addition of new systems. Ten ditches now pending and upon which contracts are to be made within the next few months will swell the drainage debt to more than \$2,000,000, it is estimated.

PLAN TO MEET LABOR PROBLEM

Fargo, N. D., April 22.—Closer cooperation between agriculture and labor in the wheat belt this year was planned at a conference held at Kansas City on April 12 of representatives of all middlewestern states federal-state employment bureaus, according to information received today by Mrs. M. B. Bowe, special agent of

the state-federal employment service in Fargo.

The principal subjects discussed were transportation, wages, distribution, clearance between states, excursions by railroads during harvest and publicity.

Mr. Connolly, commissioner of agriculture and labor and federal director for Oklahoma, was elected president of the permanent organization, and J. N. Hagan, commissioner of agriculture and federal director for North Dakota, was elected vice president.

A. L. Barkman, with experience as a farm labor specialist, was named field representative with headquarters in Kansas City. Frequent harvest bulletins will be sent out by Mr. Barkman giving information as to the progress of harvest in the different states, demand and supply of farm laborers and probable acreage and yield of crops to be harvested. The information contained in these bulletins will be given out by the local federal-state employment office.

At the Kansas City meeting no attempt was made to set a wage for harvest labor, but it was agreed that wages will be materially reduced.

PAY NO BOUNTY ON UNBORN WOLF

A bounty cannot be collected on the pelt of an unborn wolf, the attorney general's office has decided. The question was put up to the state auditor's office following application for bounty by an Eddy county man who had killed two female wolves and had removed 17 whelps from them. The man can collect but \$2.50 bounty for each of the two female wolves.

Here Is a Fine Laxative For a Little Baby

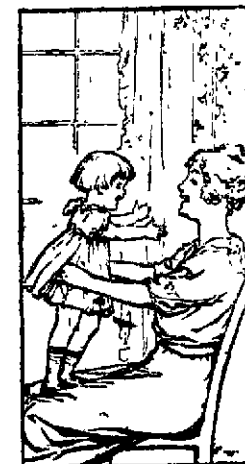

Millions of Mothers find Dr. Caldwell's
Syrup Pepsin safe for infants

WHAT young mother has not often asked herself the question, "What is the best thing I can give my baby for constipation?" It is a very important question, as constipation is the basis of most ills of infancy and childhood.

Give half a teaspoonful of a combination of simple laxative herbs with pepsin. You can obtain it at any drug store under the name of Dr. Caldwell's Syrup Pepsin. It is a mild, gentle medicine that children willingly take, and a bottle that costs only sixty cents is enough to last an average family several months.

Dr. Caldwell's Syrup Pepsin has been used by millions of mothers, for the prescription has been sold in drug stores for thirty years. It is the same prescription Dr. W. B. Caldwell, who is now in his 82nd year, used in his extensive practice for half a century. It is the largest selling liquid laxative in the world. Last year eight million bottles were bought in drug stores.

You can make no mistake in giving Dr. Caldwell's Syrup Pepsin to your baby.

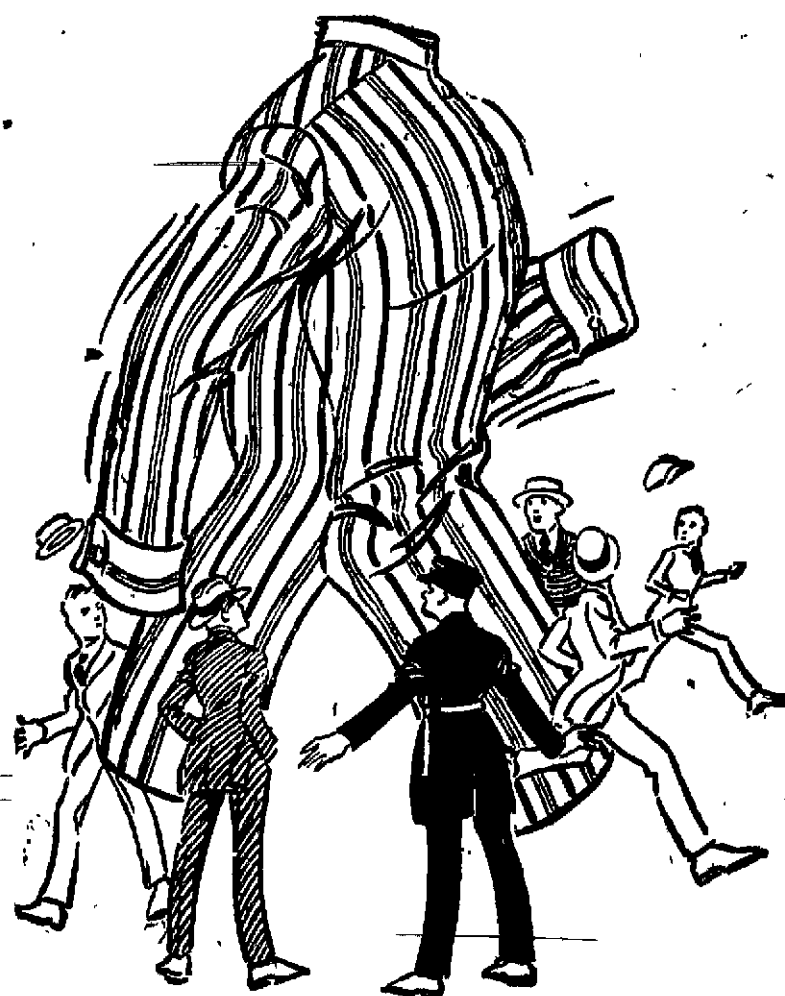

TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me: Dr. W. B. Caldwell, 513 Washington St., Monticello, Illinois. Everybody now and then needs a laxative, and it is well to know the best. WRITE ME TODAY.

**STATE DENTISTS
WILL GATHER AT
MINOT MAY 21-7**

Big Program Arranged for Seven-Day Session of North Dakota Doctors

The 16th annual convention of the North Dakota State Dental Association will be held in Minot high school auditorium on Thursday and Friday, May 19 and 20. The state association is a branch of the National Dental Association, and the meeting is for the purpose of offering instruction in the most useful and advanced ideas in dentistry.

Following the state meeting of dentists, the North Dakota Dental Post-graduate association will meet for a seven-day session, May 21, 22, 23, 24, 25, 26 and 27. The intensive post-graduate course of lectures and clinics is for the busy practitioners of dentistry in order that they may avail themselves of a thorough knowledge in the subjects taught.

Dr. Leonard to Speak.

Dr. Edward T. Tinker of Minneapolis, will appear on the clinic program of the state dental association on Thursday morning. The subject assigned to him is "Fixed Bridge Construction." Dr. L. C. Schmitz of Jamestown, will discuss "Full Denture Construction," and Dr. F. Ewing Roach of Chicago, "Casting Process as Applied to Clasp and Saddle Construction and Partial Dentures."

Dr. C. A. Leonard of Bottineau, N. D., will lecture on "Gold Foil in Anterior Teeth," and Dr. Thomas Smith of Langdon, on oral hygiene. Miss Evelyn Mausten, dental hygienist of Langdon, will give a lecture, and Miss Inez Mohart of Fargo, food specialist at the North Dakota Agricultural College, will talk on "Care of Children's Teeth." Other speakers that afternoon will be the county nurse of Minot, on "Care at the Children in Public Schools," and Dr. F. Ewing Roach of Chicago.

Lectures to general society will constitute the program from 7:30 to 10:30 p. m. Thursday.

Will Discuss Tumors.

The session Friday morning will be devoted to reports of cases, unfinished business, election of officers, recommendations to the governor and the election of delegates to the National Dental Association. The following will appear on the clinic program that morning: Dr. Paul C. Vorne, of Fargo, on "Alveolotomy and Immediate Denture Service;" Dr. Edward T. Tinker and Dr. F. Ewing Roach. At noon the dentists will view the dental manufacturers' exhibits.

Friday afternoon Dr. W. J. Brownlee of Buhl, Minn., will lecture on "Teaching Children Dentistry in Public Schools," and H. M. Brenfeld, M. D., Minot, on "Malignant Tumors of the Mouth and Their Relation to Dentistry."

The banquet will be spread Friday evening by the Minot Dental club, which has also arranged an entertainment program.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

35c and 65c jars; hospital size \$3.00

JOSEPH BRESLOW,
Next to Hotel McKenzie

died last night at the age of 81 years. Funeral services will be held Sunday or Monday.

Friends of Sergeant Flannagan say he was the last, genuine, white scout of Custer's command.

The American Legion post of Mandan will pay tribute to the deceased, providing a guard of honor at the funeral.

Two children survive, a son, William, who is employed by the Northern Pacific railroad, and a daughter, Minnie Flannagan.

**SEEK SENTIMENT
ON CELEBRATION
OF 4TH OF JULY**

Whether or not to hold a big Fourth of July celebration in Bismarck was considered last night at a meeting of committees of several organizations.

After a thorough discussion it was decided to make a survey of the city to find out if there was demand for a celebration. If one is held, it was decided, the minimum amount of money to be spent on it should be \$5,000.

The conference named a committee consisting of P. J. Meyer, C. W. McGraw, Mrs. Virginia Butler, George Little and A. W. Gussner to ascertain the sentiment on the proposition.

**LOCAL PEOPLE
UP-LATE VIEW
MOON'S ECLIPSE**

Many Bismarck people were up exceptionally late last night viewing the

eclipse of the moon. It was plainly discernible here. The eclipse began shortly after 11 p. m. when the earth's shadow covered part of the big, full moon. The eclipse became total until 1 o'clock and remained total until 2 o'clock when part of the moon came out of the shadow.

Decides on Best Life Insurance

"Five years ago I was refused life insurance because of my heart symptoms. Doctors said it was caused from a pressure of gas that came from my stomach, but their medicine did not help me and I was getting worse all the time. Three years ago my druggist recommended May's Wonderful Remedy. I took a course of it and believe it is the best life insurance anyone can buy. It helped my trouble at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes

practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold at All Druggists.

SEE FULL HOUSE FOR CONCERT OF BAND TONIGHT

There were still some good seats obtainable late today for the band concert to be given at the Auditorium tonight by the Elks city band, although the rapidity with which the tickets were taken indicated a full house.

The concert starts at 8:15 p. m. Among the features of the evening will be the violin solo by C. L. Codding, of Wilton, and an exceptionally difficult and pleasing number of the band entitled "Atlantic."

The 27 members of the band held a fine rehearsal at the Auditorium last night.

COW MAKES RECORD

Oshawa, Ont., April 22.—A cow owned by William Hepburn, a farmer living near here, on April 26, 1920, gave birth to triplets, two bulls and a heifer. On April 9 of this year the animal repeated the performance, giving birth to two healthy bulls and a heifer, which are still alive and thriving. The cow died shortly after the last set of triplets was born.

BIG SQUAD IN B.H.S. ANSWERS TO TRACK CALL

Inter-Class Meet will be Held in High School Within a Short Time

Much interest is manifest among high school students over track and field athletics this spring. Forty-five to 50 students have started regular workouts, with the promise of being sent to a state meet as a reward for a sufficiently good showing. The men who make good records either will be sent to the Fargo state meet May 13 and 14, or to Grand Forks May 18, 19 and 20.

Lacking inter-school competition the high school boys are working against records. The workout for weight events is held in the high school yard; the track events in the streets. Coach Aseltine is planning on holding an inter-class track meet within a couple of weeks, which may serve as an official try-out. A dual meet with Mandan also would be welcome.

The following high school students are out for track and field work: Dashes—100 Yard, 220 Yard, 440 Yard. T. Kludt, C. Grace, T. Halloran, C. Moses, E. Elness, J. Burke, E. Brown.

W. Taylor and George. Distances—800 Yard and 1 Mile. V. France, J. Hassel, N. Livdahl, B. Jacobson, W. Nussle, E. Elness, H. Brooks, F. Buckwitz, E. Hahn, J. Burke, C. Burke and E. Brown. Hurdles—220 Low and 120 High. O. Livdahl, N. Livdahl, T. Halloran, C. Moses and C. Burke.

High Jump. T. Halloran, C. Moses, F. Buckwitz, J. Burke, C. Burke and E. Alfton. Broad Jump. V. LaFrance, T. Halloran, J. Burke, E. Hahn and C. Burke.

Weights—Shot Put and Javelin. R. George, J. Hassel, N. Livdahl, E. Hahn and E. Elness. Pole Vault. O. Livdahl, T. Kludt, C. Grace and E. Brown.

A relay team will be made up of the four best 220-yard men.

MIKE GIBBONS WINS BOUT IN HIS 'COMEBACK'

Bests Chuck Wiggins After Being Out of Ring Over Year and a Half

Minneapolis, April 22.—Mike Gibbons, St. Paul middleweight, in his first bout since his retirement from the ring more than a year and a half ago, decisively outpointed "Cuck" Wiggins of Indianapolis, in a ten-round bout here last night, according to newspaper men.

Gibbons gave a wonderful exhibition of boxing, taking nine of the rounds while one was even. Gibbons weighed 152 3-4 and Wiggins 159 1-2.

Jimmy Delaney of St. Paul knocked out Mark Moore of Minneapolis, in the seventh round of a scheduled ten-round affair. Delaney weighed 150 pounds and Moore 157 1-2.

Jack Josephs of Minneapolis outpointed Otto Wallace of Milwaukee in the ten-round opener. The men are lightweights.

Gibbons and Wiggins were slightly injured in an auto accident after the fight.

SUNDAY LEAGUE IS ARRANGED FOR FOUR TOWNS

Linton, N. D., April 22.—Messrs. Ed. Miller and J. A. Lang went to Hazelton to attend the baseball meeting of representatives of the Braddock, Hazelton, Strasburg and Linton ball clubs. While there a Sunday league was arranged for the summer comprising the four teams. Each team will play six games, three at home and three away.

The rules adopted provide that no team shall have more than one outside player. An outside player will include even a player from another neighboring town. Braddock has secured Worms, of McIntyre, as their outside player. Linton will hire a pitcher.

VETERAN TO LEAD MOTT BALL CLUB

Mott, N. D., April 22.—Old "Buck" Robbins, coach, and one of the best known Slope baseball veterans, will lead and manage the Mott club this season.

The call for material has been issued, and tryouts will be held starting Sunday afternoon. Plans are being made to fence the local field and make other preparations that will assure better baseball here.

After all dances, make The Chocolate Shop a meeting place for your friends.

SPORT BRIEFS

Babe Ruth got his third home run yesterday off Moore, Philadelphia pitcher. Mays, for the Yanks, kept the Athletics hits scattered.

Sam Jones pitched a two-hit game for the Boston Red Sox against Washington, winning 1 to 0.

Manager Tris Speaker, of the Indians, received a cowboy saddle and bridle from his home town, Hubbard, Texas.

Pittsburgh went into first place in the National League race by beating Cincinnati, 8 to 7.

"Home Run" Baker was reinstated by Judge Landis and will join the New York Yankees.

Georges Carpentier says four rounds will be enough for him to finish Jack Dempsey on July 2.

ACTION WANTED BY PRESIDENT SAYS PHYSICIAN

Sawyer Says President Doesn't Enthuse Over Resolutions

Washington, April 22.—President Harding "is not very happy in getting just resolutions. What he wants is action," Brigadier General Sawyer, the executive's personal physician, declared today before a senate committee considering Senator Kenyon's bill to establish a bureau of public welfare.

In conversation with the President this morning, the general said, he said that "the essential thing was to draft this legislation and get it up. It is not our concern to contemplate

anything but this department and bring about legislation to make it existent."

The general urged several amendments to the bill as drawn. All bureaus created to assist war veterans should go to the welfare department, he said, as well as the pension and war risk bureaus.

JACK CUDAHY SHOOTS SELF WITH SHOTGUN

Scion of Wealthy Packing Family Ends Life in California Home

Los Angeles, Cal., April 2.—John P. ("Jack") Cudahy, internationally known meat packer of Kansas City, found dead here in his bedroom, his head shattered by a shotgun wound, committed suicide after failing to negotiate a \$10,000 loan with a Chicago bank, Detective Sergeant McMahon said.

McMahon said Mrs. Cudahy, the widow, told him her husband received a letter from an officer of the bank informing him the loan could not be carried unless "vouched for" by another member of the Cudahy family. Later, according to McMahon, Cudahy received a telegram from the relative in question declining to vouch for the loan.

The police said Cudahy apparently had killed himself by placing the muzzle of a shotgun in his mouth and pulling the trigger with his toes. Cudahy was 43 years old.

RAIL BOARD IN CLASH WITH U.S. DISTRICT JUDGE

Declares Receiver of Road Had No Authority to Cut Wages

Chicago, April 22.—The railroad labor board in a decision today, ruled that the receiver of the Atlanta, Birmingham and Atlantic railroad in reducing wages of its employees in compliance with a decision by Federal Judge Sibley had acted in violation of the spirit and letter of the transportation act.

The board declared that it was powerless to take action in the case at present, and suggested that the employees, most of whom now are on strike, again hold conferences with the owners and if an agreement is not reached bring the case back to the labor board.

"The duty to obey a decision of this board is not only less an obligation on receivers of a road than on the owners of the road," the decision said. The Atlanta, Birmingham and Atlantic case brought the first clash between a labor board and a federal court and was the first legal tangle which the board was called upon to unravel.
